

ANNOUNCEMENT OF PRICE INCREASE

3 February 2015

Dear Valued Client

Please accept this letter as notification of price adjustments on all Steel Flange Products and Agru Polyethylene Fittings (PE 100 Black) products, effective **3 March 2015**. The adjustment is a result of the ongoing volatility of Australian Dollar against the Euro and the American Dollar.

Agru Australia has tried its' best to maintain the current pricing structure, however it is not longer viable for the Company. With this in mind Agru Australia will be putting in place a 10% increase on all Steel Flange Products, on all products supplied. We anticipate no additional rate adjustments for the next full year.

For customers who have received a copy of the Agru Price List 2014 A, to calculate the new price schedule for all Steel Flange Products, subtract your discount off the current list price and add the 10% surcharge to obtain the new unit costing.

With regards to the price adjustments for Agru Polyethylene Fittings (PE 100 Black) products, our prices will increase/decrease in line with adjustments in the supply price. With this in mind, the new list prices will be available via the Agru website from Tuesday, 3 March 2015.

Should you have any questions regarding our services or the exchange rate surcharge, please contact our office on **1300 136 698** or via email, sales@agru.com.au and a member of our Sales Team will be happy to help you.

Thank you for understanding that this price increase means that we can continue to maintain the superior standard of our products and services for the coming year.

Yours Sincerely

AGRU AUSTRALIA PTY LTD

ANDREW PRIOR
